Congratulations on your purchase of this high-quality Lincoln Logs set!

As with traditional Lincoln Logs building sets, this L.L. Railroad set includes real wood logs for long lasting durability. The silver-rail track and plastic accessories are easy to assemble and allow you to build in a whole new way!

These instructions show you how to build the model pictured on the front of the box. Other models you can build are pictured on the back of the box, or use your imagination to build your own exciting creations!

“Welcome to the L.L. Railroad Gold Mine Express. Sheriff Sam needs your help to ward off the notorious Bad Bart, but first you must follow these step-by-step instructions to build the covered bridge, assemble the track, the bank, the corral and more!

As Engineer Bob, I am looking forward to having you aboard! You can help me deliver the gold safely. But first, it's time to get to work!”

TIP FOR PARENTS:
Because Lincoln Logs are colored and stained in the traditional manner, the dyes can rub off. Use is recommended on surfaces that can be wiped clean. Avoid placing the logs directly on carpet and other absorbent surfaces, which may cause staining.

⚠️ WARNING: CHOKING HAZARD – Small Parts. Not for Children under 3 years.

⚠️ AVERTISSEMENT!
