CAUTION: To Avoid Battery Leakage - Be sure to insert the batteries correctly and always follow the toy and battery manufacturer’s instructions. Do not mix old and new batteries or alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries. Only batteries of the same type and equivalent type recommended should be used. Remove any remote control dead batteries from the product, do not short-circuit the terminals. Insert batteries with correct polarity (+/-), or damage. Important Tips: Alkaline batteries A AA (LR6) are recommended. Remove rechargeable batteries if not recharged. Keep the batteries from children. This could cause choking or battery poisoning if swallowed. Never remove the battery from the toy itself if the toy is left unused for a long period of time. CAUTION: Keep hands, face, and clothing away from any battery components. PRECAUTIONS: For safety purposes on the toys - Assemble of the standard battery parts correctly: Make sure all the electrical leads are connected to the electrical motor and battery. Always use batteries of the same type (AA, LR6). Always use batteries with a voltage of 1.5 volts. IMPORTANT NOTES: Alkaline batteries A AA (LR6) are recommended. Never use rechargeable batteries. Never use batteries of a different type. Never mix old and new batteries. Never mix alkaline and carbon-zinc batteries. Never use batteries of any type if they are not completely charged. Always use batteries of the same type and equivalent type recommended. Always check the batteries periodically, or damage. \n
WARNING: CHOKING HAZARD — SMALL PARTS. Not for children under 3 years. \n
AVISO: PELIGRO DE ASPIRACIÓN — PIEZAS PEQUEÑAS. No para niños menores de 3 años. \n
WARNING: RISQUE D’ÉGOUTTEMENT — Pièces de petite taille. Ne convient pas aux enfants de moins de 3 ans. \n
AVISO: PERIGO DE SUCÇÃO — PEÇAS PEQUENAS. Não se destina a crianças com menos de 3 anos de idade. \n
WAARSCHUWING: VERSTIKKINGSGEVAAR — KLEINE ONDERDELEN. Niet geschikt voor kinderen onder 3. \n
PREDOSTEREN: Vermeidung von austauschbaren Batterien. Akkus dürfen nicht der Batterieleiterkabel angeschlossen werden. \n
ATTENTION: Please read the battery pack of the toy carefully and always follow the toy and battery manufacturer’s instructions. Do not mix old and new batteries or standard (carbon-zinc)/alcaline (nickel-cadmium) batteries. Only batteries of the same type and equivalent type recommended should be used. Always use batteries of the same type (AA, LR6). Always use batteries with a voltage of 1.5 volts. IMPORTANT NOTES: Alkaline batteries AA (LR6) are recommended. Never use rechargeable batteries. Never use batteries of any type if they are not completely charged. Always use batteries of the same type and equivalent type recommended. Always check the batteries periodically, or damage.
