Congratulations on your purchase of this high-quality Lincoln Logs set!

As with traditional Lincoln Logs, this L.L. Railroad set includes real wood logs for long lasting durability. The silver-rail track and plastic accessories are easy to assemble and allow you to build in a whole new way!

These instructions show you how to build the model pictured on the front of the box. Other models you can build are pictured on the back of the box, or use your imagination to build your own exciting creations!

“Welcome to the L.L. Railroad Sawmill Express. There’s so much to do at the Sawmill, but first you must follow these step-by-step instructions to build the bridge, assemble the track, milling hut, lumberjack shack and more!

As Engineer Jones, I am looking forward to having you aboard and so are Pierre the Lumberjack and Mick the Mill Worker! But first, it’s time to get to work!”

TIP FOR PARENTS:
Because Lincoln Logs are colored and stained in the traditional manner, the dyes can rub off. Use is recommended on surfaces that can be wiped clean. Avoid placing the logs directly on carpet and other absorbent surfaces, which may cause staining.

⚠️ WARNING:
CHOKING HAZARD – Small Parts. Not for Children under 3 years.

⚠️ AVERTISSEMENT!
Danger d’étouffement. Pièces de petite taille. Ne pas donner aux enfants de moins de 3 ans.
It’s easy to assemble the track!
"You are just in time to help me build the lumberjack shack! First we will have to chop down three trees from the forest, including one with magic splitting logs! Next, transport the trees to the Sawmill, via the Sawmill Express, where you will chop off the tree tops and split the logs! You will now have four log pieces to begin building! Let's get started!"
YOUR L.L. RAILROAD SAWMILL EXPRESS SET CONTAINS THE FOLLOWING NUMBER OF LOGS:

- 71: #1 LOG
- 22: #3 LOG
- 2: #4 LOG
