TOAD™ SIDE-STEPER CHALLENGE BUILDING SET

CAUTION: To avoid Battery Leakage - Be sure to insert batteries correctly and always follow the toy and battery manufacturer’s instructions. Do not mix old and new batteries or alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries. Only batteries of the same type or equivalent type recommended should be used.

Remember always to unplug the Wii before changing batteries, to prevent damage to your Wii. Do not dispose of batteries in a fire, as they may explode and cause injury. Always remove batteries from the Wii if you intend to store it for a long period of time.

Keep hands, face, and clothing away from all opening parts.

PRESERVATION: For periods in which the Wii is not to be used:

1. Remove all the removable parts and especially the screws to make it easier to remove the batteries.
2. Remove the batteries from the Wii by pushing gently into the part of the Wii that contains the batteries, making sure that the positive terminal is facing up.
3. Store the Wii in a dry place, with the batteries removed.
4. Store the Wii in a cool, dry, and safe place to ensure that the batteries are not damaged during the period of storage.

ATTENTION: For periods in which the Wii is not to be used:

1. Remove all the removable parts and especially the screws to make it easier to remove the batteries.
2. Remove the batteries from the Wii by pushing gently into the part of the Wii that contains the batteries, making sure that the positive terminal is facing up.
3. Store the Wii in a dry place, with the batteries removed.
4. Store the Wii in a cool, dry, and safe place to ensure that the batteries are not damaged during the period of storage.
